No.	HIMA Code	Pictures	Dimensions	Size	LED Brand	Price	Description
1	TM-0875			7"	Philips		<p>Headlight and Driving Light Operating Voltage:DC10-32V Theory Power:70W Color temperature:6000K Low beam:0.25A@12V, 0.51A@24V How beam:3.35A@12V, 1.68A@24V DRL: 1.16A@12V, 0.55A@24V Waterproof:IP67 Packaging:6pcs/Carton Main Structure feature: 1.Headlight:High beam +low beam and Daytime running light function 2.Applicable for popular vehicles 3.Can be used for driving light if additional bracket added</p>
2	FDL-0670			7"	Philips		<p>Headlight and Driving Light Operating Voltage:DC10-32V Theory Power:70W Color temperature:6000K Low beam:0.25A@12V, 0.51A@24V How beam:3.35A@12V, 1.68A@24V DRL: 1.16A@12V, 0.55A@24V Waterproof:IP67 Packaging:6pcs/Carton Main Structure feature: 1. HIMA's independent developed Real 4D optics, provide more light output 2.High beam +low beam and Daytime running light function 3.Applicable for popular vehicles 4.Can be used for driving light if additional bracket added</p>
3	FDL-0660			7"	Philips		<p>Head Light Operating Voltage:DC10-32V Color temperature:5700-6000K Low beam:2.07@12V;1.03@24V High beam: 2.15@12V;1.09@24V Waterproof:IP67 Lifespan:Above 50000 hours Packaging: 6pcs/Carton Main Structure feature: 1.Can directly replace the original headlights of the JEEPs 2.High beam +Low beam pattern and daytime running light 3.New Optics provide a high intensity light output</p>
4	FDL-0630			7"	Cree		<p>Head Light Operating Voltage:DC10-32V Theory Power:30W Color temperature:6000K Highbeam:1.80@12V;0.89@24V Lowbeam: 0.91 @12V;0.44@24V Waterproof:IP67 Lifespan:Above 50000 hours Packaging: 6pcs/Carton Unique features: 1.Internal structure reflector, provides a smooth and clean lighting output 2.High beam and Low beam pattern 3. Excellent option for Jeeps, heavy-duty trucks and all Off-road application</p>
5	FDL-0620			7"	Osram		<p>Driving Light Operating Voltage:DC10-32V Theory Power:20W Color temperature:6000K AMP draw:1.89@12V 0.94@24V Waterproof:IP67 Packaging: 6pcs/Carton Main Structure feature: 1.Internal structure reflector, provides a smooth and clean lighting output 2.Perfect driving beam for roadway illumination 3.High-performance at very low power consumption</p>
6	FDL-0880			7"	Osram		<p>Driving Light Operating Voltage:DC10-32V Theory Power:80W Color temperature:5700-6000K AMP draw:5.0A@12V, 2.4A@24V Waterproof:IP67 Packaging: 6pcs/Carton Main Structure feature: Super spot beam and providing a far projecting distance</p>
7	FDL-901			4"	Osram		<p>Fog Light Operating Voltage:DC10-32V Theory Power:12W Color Temperature:6000K DRL:0.59@12V;0.31@24V Fog light: 0.33@12V;0.16@24V Waterproof:IP67 Lifespan:Above 50000 hours Packaging:8 pairs/Carton Unique features: 1.Perfect lighting output at low energy consumption 2. Fog light with daytime running light function</p>

8	TK-0110			2"	Cree	<p>Operating Voltage:DC10-32V Theory Power:10W Color temperature:6000K AMP draw:0.89@12V;0.45@24V Waterproof:IP67 Lifespan:Above 50000 hours Beam pattern:spot/flood</p> <p>Main Structure feature: 1.Expandable Modular driving light: can be linked or stacked together to make multiple arrays according to customers demand 2.High power LED combines with precision reflector optics, provide a high output. 3.Excellent beam pattern, super tight spot 4. Perfect for Motorcycle,Jeep,Truck & SUV</p>
9	FDL-0309			3"	Philips	<p>Rock Light Operating Voltage:DC10-32V Theory Power:3W LED Color available: white color Color temperature:6000K Waterproof:IP67 Lifespan:Above 50000 hours Packaging: 8pcs/ small carton</p> <p>Main Structure feature: 1.Extremely versatile; it can be used as a dome light in the truck, a deck light on the boat, or driving lights on the trailer 2. High quality LED chips: low power consumption while provides high lighting efficiency 3. Dust and water resistance, anti-scratch 4. Stick-on-surface mounting design, side or bottom wiring available</p>
10	FDL-0615R			5.5"	Philips	<p>Driving Light Operating Voltage:DC10-32V Theory Power:15W Color temperature:5700-6000K AMP draw:1.25@12V 0.62@24V Waterproof:IP67</p> <p>Main Structure feature: 1. HIMA's exclusive developed Real 4D optics, providing further projecting distance 2.High beam +low beam and Daytime running light function</p>
11	FDL-1930			6"	Cree	<p>ATV/UTV Light Operating Voltage:DC10-32V Theory Power:30W LED Color available: white color Color temperature:6000K AMP draw:2.2@12V;1.03@24V Waterproof:IP67 Lifespan:Above 50000 hours Packaging: 10pcs/ carton</p> <p>Applicable for ATV,SUV,Jeep,UTV,4x4,Motorcycle etc.</p>
12	FDL-1942			6"	Philips	<p>ATV/UTV Light Operating Voltage:DC10-32V Theory Power:30W LED Color available: white color Color temperature:6000K AMP draw:2.3@12V;1.1@24V Waterproof:IP67 Lifespan:Above 50000 hours Packaging: 10pcs/ carton</p> <p>Applicable for ATV,SUV,Jeep,UTV,4x4,Motorcycle etc.</p>
13	DM-0312			3"	Philips	<p>Driving Light Operating Voltage:DC10-32V Theory Power:20W Color Temperature:5700-6000K Waterproof:IP67 Packaging:20pcs/Cartron</p> <p>Unique features: HIMA's exclusive developed Real 4D optics, providing a further projecting distance</p>
14	DM-0312A			3"	Philips	<p>Driving Light Operating Voltage:DC9-32V Power:20W Color Temperature:5700-6000K Waterproof:IP67 Packaging: 20pcs/Cartron</p> <p>Unique features: Same as the DM-0312 with flush mount option</p>
15	BK03-20			3"	Osram	<p>Driving Light Operating Voltage:DC10-32V Theory Power:20W Color Temperature:6000K Waterproof:IP67 Packaging:20pcs/Cartron</p> <p>Main structure feature: Unique convex optics,providing a super spot lighting output</p>

16	BK03-20A			3"	Osram	<p>Driving Light Operating Voltage:DC10-32V Theory Power:20W Color Temperature:6000K Waterproof:IP67 Packaging:20pcs/Carton</p> <p>Main structure feature: Same advantage as BK03-20 with Flush mount option</p>
17	DM04-18			4.5"	Philips	<p>Driving Light Operating Voltage:DC10-32V Theory Power:30W Color Temperature:6000K Waterproof:IP67 Packaging:20pcs/Carton</p> <p>Main structure feature: 1,Hima's exclusive developed Real 4D optics,providing a further projecting distance 2,Bottom slide bracket, can meet different installation demands</p>
18	FDL-5420S2			5.4"	Cree	<p>Driving Light and Work light Theory Power: 20W Operating Voltage: 10-30V Current: 1.7A @12V, 0.85A@24V Color Temperature: 6000K Operating Temperature: -40°C~ +60°C Waterproof Rate: IP67 Optical Color: White, Amber Mounting Bracket: stainless steel bracket Life Span: above 50000 hours Dimensions: 138*50*85mm</p> <p>Especially for agriculture Tractors</p>

Important Notice:

1. Delivery time:Base on 100% strict testing,normally sample orders 5-7working days,regular oders around 15 working days.

2.Transportation:By Sea/Air/FeDex/DHL/UPS.

3.Term and packing: All products will be packed with standard plain box under EXW term if no speical requests from customers.

4. Payment:T/T,Paypal are accepted.

5. Declared Value: Normally we declare full value for customs clearance;

6. For sample order, we suggest to order by cartons for each size so as to save shipping cost and protect your goods from damage during shipping.
